

You cannot access the following Web address:
<http://www.masksoftheworld.com/>

The site you requested is blocked under the following categories:
Online Shopping

You can:

- [Submit a site review request](#) to your network administrator.
- [Temporarily override filtering](#) on this computer if you have an override name and password. *(Note that your administrator may be notified that you've bypassed filtering.)*
- Use your browser's [Back button](#) or enter a different Web address to continue.

Circled above is the actual URL that we need to “unblock” the website.

The URL name is NOT always the same as the URL. You can name a link anything you want. It’s the actual web address to access the site that we need.

This happens fairly often. You can use your mouse to highlight the URL, select copy, and then paste that into an email to me and I will get your educational site unblocked.

jlmorris@esu7.org is my email address.
